PROFESSIONAL SUMMARY

Versatile professional and Computer Science & Digitisation student with practical experience in retail sales, customer engagement, and client relations. Combines strong interpersonal and sales skills with hands-on technical proficiency in Python development, data analysis, and web dashboard creation. Eager to bring analytical problem-solving, strong communication, and technical literacy to fast-paced sales, retail, or tech-driven roles

EXPERIENCE

Sales Assistant

Reliance Ajo | Thiruvalla, India | 01/07/2025-01/05/2026

- Managed stock inventory, precise price labeling, and visual display organization to support high-volume promotional campaigns
- Handled daily opening/closing procedures, including secure cash register reconciliation

Sales Assistant

MAX Fashion | Kottayam, India | 04/11/2024-31/05/2025

- Collaborated with logistics for stock replenishment, tracking, and warehouse organization
- Maintained high visual merchandising standards and apparel display tagging

EDUCATION

Bachelor of Science (Hons) in Computer Science and Digitization

Berlin School of Business and Innovation (BSBI) | Berlin, Germany

Expected Graduation: 2029

Key Coursework: Digitization, Database Systems, Web Development, Business Administration

Higher Secondary Education (Computer Science Focus)

St. Thomas Higher Secondary School | Kerala, India

2023-2026

Key Concept: Foundational Programming & Computational Thinking

PROJECTS

Hand Gesture Recognition & Control System | Personal Project

- Developed a real-time computer vision application using **Python**, **OpenCV**, and **MediaPipe** to detect and track hand gestures.
- Mapped hand movements and finger counts to automated system controls and custom interactions

Interactive Retail Sales & Data Analyzer | Personal Project

- Built an interactive application using **Python**, **Pandas**, and **Streamlit** to process, analyze, and visualize retail sales performance metrics.
- Designed automated pipelines to calculate key business indicators and generate dynamic visual charts

Personal Web Portfolio | Personal Project

Designed and deployed a responsive **HTML** digital portfolio hosted on GitHub Pages to showcase technical projects and skills

SKILLS & CERTIFICATIONS

Programming & Tools: Python, C++, JavaScript, HTML/CSS, Git, GitHub, VS Code, Jupyter Notebooks

Frameworks & Data: OpenCV, MediaPipe, Streamlit, Pandas, NumPy, Data Analysis & Visualization

Languages: English (IELTS), Malayalam (Native), German (A1)

Certifications & Training:

Agentic AI Explained (LLM Architectures & Workflows) – NVIDIA Deep Learning Institute

Leadership Development and Teamwork – BSBI (Credential ID: 660d67bc1924)

Souhrida Club Student Leader – Peer Mentorship, Student Welfare & Life Skills Awareness

National Cadet Corps (NCC) Cadet – Leadership, Discipline & Team Training

National Service Scheme (NSS) Volunteer – Community Service & Public Awareness Campaigns
